1994

Rumen degradation and intestinal digestibility of amino acids in different roughages estimated by nylon bag technique H. Skórko-Sajko, T. Hvelplund and M.R. Weisbjerg (Foulum, Denmark) .....	1
The rate of free amino acid disappearance from the rumen content in sheep J. Kowalczyk (Jablonna, Poland) .....	11
Condensed beet molasses solubles for fattening bulls H. Leontowicz, R. Krzemiński, M. Leontowicz, G. Kulasek, J. Tropidło and E. Sobczak (Warszawa, Poland) .....	23
Effect of thermal processing on the protein value of double-low rapeseed products. 1. Effect of toasting temperature on protein value of rapeseed oil meal for pigs W. Grala, L. Buraczewska, J. Gdala and B. Pastuszewska (Jablonna, Poland) .....	33
Effect of thermal processing on the protein value of double-low rapeseed products. 2. Effects of processing stages in the oil plant and toasting in laboratory conditions W. Grala, B. Pastuszewska, S. Smulikowska, L. Buraczewska and J. Gdala (Jablonna, Poland) .....	43
Chemical composition of rape seed from low glucosinolate varieties grown in Poland W. Korol, T. Jaskiewicz, G. Bartuzi, G. Bogusz, H. Nieścior, C. Grabowski and E. Mojek (Lublin, Poland) .....	57
Fermentation quality of lucerne laboratory silage treated with <i>Clostridium cellobioparum</i> , formic acid and Lactomix A. Baranowski and S. Russel (Jastrzębiec, Poland) .....	65

### Vol. 3, No 2

1994

The effects of supplementing diets for weanling pigs with organic acids. A review V.M. Gabert and W.C. Sauer (Edmonton, Canada) .....	73
The potassium level in the blood of sheep and their productivity C. Lipcecka, M. Pięta and T. Gruszecki (Lublin, Poland) .....	89
Practical evaluation of porker meat classification based on criteria pH <sub>1</sub> and R <sub>1</sub> M. Koćwin-Podsiadła, J. Kurył and W. Przybylski (Siedlce, Poland) .....	97
The use of Avoparcin (Avotan) in laying hens feeding D. Jamroz, J. Skorupińska, A. Wiliczkiwicz, T. Trziszka and S. Tronina (Wrocław, Poland) .....	107
Effects of enzyme supplementation on the digestion of low glucosinolate rapeseed meal <i>in vitro</i> , and its utilization by broiler chicks O. Alloui, M. Chibowska and S. Smulikowska (Jablonna, Poland) .....	119
Treatment of barley straw with ammonia or urea solutions and digestibility of its structural carbohydrate fractions in sheep J. Kowalczyk (Jablonna, Poland) .....	129

- Chemical composition of the cotyledons and seed coat and nutritional value of whole and hulled seeds of yellow lupin  
 Z. Zduńczyk, J. Juśkiewicz, S. Frejnagel, M. Flis and I. Godycka (Olsztyn, Poland) .... 141
- Determination of bacterial amino acid contribution to ileal digesta from pigs using <sup>35</sup>S and DAPA marker techniques  
 M.E.R. Dugan, W.C. Sauer, J.M. Dugan Jr. and W.R. Caine (Edmonton, Canada) .... 149

**Vol. 3, No 3****1994**

- Implications of fasting on the energy metabolism and feed evaluation in ruminants  
 S.A. Chowdhury (Dhaka, Bangladesh) and E.R. Ørskov (Bucksburn, Great Britain) ... 161
- The relationship between the reproductiveness of ewes and testicle size of related rams  
 D. Weremko, P. Nowakowski and A. Ćwikła (Wrocław, Poland) ..... 171
- The voluntary intake and utilization of forage-concentrate diets by ewes in late pregnancy  
 T. Castro, F.F. Bermudez, C. Valdés, A.R. Mantecón, T. Manso and I. Saázar (Madrid, León, Spain) ..... 181
- Effect of dehydrated lucerne on lamb performance and protein and energy deposition in the body  
 M. Urbaniak (Poznań, Poland) ..... 191
- A note on the pattern of feed intake in pigs fed on Jerusalem artichoke (*Helianthus tuberosus* L.)  
 J. Ly, M. Macias, V. Figueroa and J.L. Piloto (La Habana, Cuba) ..... 201
- The effects of low glucosinolate rape seed varieties Leo and Mar on the performance of Starbro and Vedetta broiler chickens  
 S. Kinal, Z. Fritz and A. Schleicher (Wrocław, Poland) ..... 207
- The nutritive value of lupin seeds (*L. luteus*, *L. angustifolius* and *L. albus*) for broiler chickens as affected by variety and enzyme supplementation  
 O. Alloui, S. Smulikowska, M. Chibowska and B. Pastuszewska (Jabłonna, Poland) ... 215
- Retention of Fe, Zn and Cu in rats fed diets containing differently processed faba bean hulls  
 Z. Zduńczyk, S. Frejnagel, J. Juśkiewicz, I. Godycka and B. Krefft (Olsztyn, Poland) . 229
- A comparison of digestibility coefficients of nutrients in horse feeds as determined by conventional and lignin methods  
 J. Chachulowa, J. Łojek, S. Chrzanowski, J. Chachula and J. Strózewski (Warszawa, Poland) ..... 239

**Vol. 3, No 4****1994**

- The welfare of growing bulls in different housing systems. A review  
 I. Mossberg (Uppsala, Sweden) ..... 247
- The effect of the protein level in diets of Polish Lowland lambs on growth and fattening  
 J.J. Pająk, T. Żebrowska and M. Słowak (Jabłonna, Poland) ..... 263
- Meadow-grass silage with formic acid in the nutrition of calves  
 A. Baranowski and K. Bidwell-Porębska (Jastrzębiec, Poland) ..... 279
- Heat production in growing pigs fed rapeseed meal with various glucosinolate contents  
 H. Fandrejewski, K. Chabiera, M. Kotarbińska and S. Raj (Jabłonna, Poland) ..... 287
- Energy metabolism in growing-finishing pigs fed rapeseed meal  
 K. Chabiera, H. Fandrejewski, M. Kotarbińska and S. Raj (Jabłonna, Poland) ..... 297

<b>The effect of ochratoxin A on egg quality, development of embryos and the level of toxin in eggs and tissues of hens and chicks</b> J. Niemiec, W. Borzemska, P. Goliński, E. Karpińska, P. Szeleszczuk and T. Celeda (Warszawa, Poland) .....	309
<b>Effect of feeding egg yolk on total plasma cholesterol and atherosclerosis in young rabbits</b> T. Jezierski and A. Konecka (Jastrzębiec, Poland) .....	317
<b>Estimation of chemical composition, net energy and protein value of lucerne by NIRS and by regression equation based of the days of vegetation or the accumulated temperature</b> S. Atanassova, D. Pavlov and N. Todorov (Stara Zagora, Bulgaria) .....	325
<b>Author index .....</b>	<b>335</b>
